

In the matter of an Application by the

**SIKONGE WATER SUPPLY AND SANITATION AUTHORITY  
(SIKONGE WSSA)**

For a multi-year tariff adjustment

Backgr  
ound

1. On 13<sup>th</sup> May 2018, the Energy and Water Utilities Regulatory Authority (EWURA) received Tariff Application from Sikonge Water Supply and Sanitation Authority (Sikonge WSSA) for a multi-year tariff and charges review for water supply covering a period from 2018/19 to 2020/21. Sikonge WSSA requested:

- a) to increase metered water tariffs at a range between 64% and 400% in 2018/19; 3% and 4% in 2019/20 and an increase of 3% in 2020/21;
- b) to introduce service charges of TZS. 1000/month for all customer categories except for watering animal which its charge is proposed to be TZS 2,500/month;
- c) to increase water connection fee in the range between 33% and 67% in 2018/19 and maintain the same for 2019/20 and 2020/21;
- d) to increase water reconnection fees by 163% in 2018/19 and no change in 2019/20 and 2020/21;
- e) to increase meter rent by 150% in 2018/19 and no further increase in 2019/20 and 2020/21; and
- f) to introduce water connection application form fee

of TZS 5000/form for all customer categories except kiosk and bowser customer categories.

Tariff  
Review  
Justifica  
tion

2. The main justification for tariff review given by Sikonge WSSA is due to insufficient revenue caused by current tariffs that do not meet the actual costs of operation and maintenance. According to Sikonge WSSA, the benefits to the customers which will be obtained if the proposed tariff and charges are approved include: attain full cost recovery and hence among other things improve water quality, ensure utility's sustainability and satisfy customers' needs.

Stakeho  
lders'  
Consult  
ation

3. Pursuant to Section 19(2)(b) of the Energy and Water Utilities Regulatory Authority Act, Cap. 414, EWURA conducted an Inquiry into the reasonableness of the proposed adjustments for tariff and charges. This Inquiry included an economic, technical evaluation of the Application and a Public hearing meeting that was held in Sikonge Town on 14<sup>th</sup> June 2018 to collect views from the stakeholders.

GCC was concerned, among other things, about lack of audited financial statements, low proposed service hours from the current 10 hours to 12 hours by 2020/21, low proposed tariffs for the second and third year compared with the significant proposed tariff in the first year and unattained key performance indicators as stated in the business plan.

EWURA CCC was concerned, among other things, about non adherence to the Tariff Setting Guidelines of 2017, proposed expansion of water network is very small, very low targets for proposed key performance indicators and lack of evidence/study on affordability

The Public was concerned, among other things, about

significant proposed increase of tariff in the first year, high proposed reconnection charges, limited water distribution network and unspoken issues on sanitation services

At the closure of the Inquiry process on 20<sup>th</sup> June 2018, EWURA had gathered adequate information to prudently determine the application.

Analysis  
s and  
Adjust  
ment

4. As a result of the Inquiry and evaluation process, EWURA concluded that the proposed increase in multi-year tariff and charges by Sikonge WSSA were reasonable except for some operation and maintenance costs that were on a high side and lack justifications. Based on that, EWURA decided to allow a Revenue Requirement (RR) of TZS 519.12 million for the review period (2018/19 – 2020/21) which is equivalent to 72% of TZS 721.61 million as RR proposed by Sikonge WSSA.

The adjusted Operation and Maintenance Costs (O& M) and Revenue Requirement (RR) for Sikonge WSSA during the period from 2018/19 to 2020/21 are as shown in Tables 1 and 2

Ombi la Kurekebisha Bei za Majisafi na Usafi wa Mazingira la  
**MAMLAKA YA MAJISAFI NA USAFI WA MAZINGIRA SIKONGE**  
**(SIKONGE WSSA)**

Utangulizi

1. Mnamo tarehe 13 Mei 2018, Mamlaka ya Udhhibiti wa Huduma za Nishati na Maji ("EWURA") ilipokea ombi kutoka Mamlaka ya Majisafi na Usafi wa Mazingira Sikonge (Sikonge WSSA) kwa ajili ya marekebisho ya bei za majisafi kuanzia mwaka 2018/19 hadi 2020/21 kwa ajili ya mapitio na maidhinisho. Sikonge WSSA iliomba:

- a) kuongeza bei kwa wateja wa maji kwa kiwango cha kati ya asilimia 64 na asilimia kwa mwaka 2018/19, asilimia 3 na asilimia 4 kwa mwaka 2019/20 na ongezeko la asilimia 3 kwa mwaka 2020/21;
- b) kuanzisha tozo ya huduma ya shilingi 1000/mwezi kwa wateja wote isipokuwa kwa wateja wa maji kwa ajili ya kunyweshea mifugo ambayo tozo inayopendekezwa shilingi 2,500/mwezi ;
- c) kuongeza ada ya maunganisho mapya ya maji kwa ongezeko la kati ya asilimia 33 na 67 kwa mwaka 2018/19 na kuendelea kwa ada hizo kwa mwaka 2019/20 na 2020/21;
- d) kuongeza ada ya kurejeshewa huduma ya maji kwa ongezeko la asilimia 163% na kuendelea kutumia ada hizo kwa mwaka 2019/20 na 2020/21;
- e) kuongeza kodi ya dira kwa asilimia 150 kwa mwaka 2018/19 na hakuna ongezeko kwa mwaka 2019/20 na 2020/21; na
- f) kuanzisha ada ya fomu kwa wateja wanaoomba kuunganishwa katika huduma za maji ya shilingi 5000/fomu kwa wateja wote isipokuwa wateja wa magati na boza.

Sababu za  
Kurekebisha  
Bei

2. Sababu zilizotolewa na Sikonge WSSA kuhusu mapendekezo ya bei na tozo ni kutokana na kutokuwa na mapato yasiyojitosheleza yanayosababishwa na bei ambazo hazikidhi gharama za uendeshaji na matengenezo. Sikonge WSSA imeeleza kuwa iwapo bei na ada zilizopendekezwa zitaidhinishwa faida watakazopata wateja ni pamoja na:

kurudisha gharama zote za huduma ili pamoja na mambo mengine, kuhakikisha uendelevu wa Sikonge WSSA na kuridhisha mahitaji ya wadau.

Ushirikishwa  
ji wa Wadau

3. Kwa mujibu wa kifungu cha 19(2)(b) cha Sheria ya Mamlaka ya Udhubiti wa Huduma za Nishati na Maji, Sura ya 414, EWURA ilifanya taftishi kuhusu uhalali wa ombi la kurekebisha bei zilizopendekezwa. Taftishi hiyo ilihusisha tathmini ya masuala ya kiuchumi na ya kiufundi pamoja na kukusanya maoni kutoka kwa wadau katika mkutano uliofanyika katika mji wa Sikonge mnamo tarehe 14 Juni 2018.

GCC walihoji, pamoja na mambo mengine, kuhusu kukosekana kwa taarifa za fedha zilizokaguliwa, masaa machache ya huduma yaliyopendekezwa kutoka masaa 10 ya sasa mpaka masaa 12 ifikapo mwaka 2020/21, na pendekezo la bei dogo kwa mwaka wa pili na wa tatu ukilinganisha na pendekezo kubwa la bei kwa mwaka wa kwanza.

EWURA CCC walihoji, pamoja na mambo mengine, kuhusu kutokuzingatiwa kwa Mwongozao wa Upangaji Bei wa Mwaka 2017, mapendekezo madogo ya kuongeza mtandao wa maji, na malengo ya chini sana ya viashiria vya kiutendaji.

Wananchi walihoji, pamoja na mambo mengine, kuhusu mapendekezo makubwa ya bei za maji kwa mwaka wa kwanza, mapendekezo makubwa ya gharama za kurejeshewa huduma, mtandao wa maji mdogo na kutoongelewa kwa masuala ya usafi wa mazingira.

Hadi wakati wa kuhitimisha taftishi mnamo tarehe 20 Juni 2018, EWURA ilikuwa imepokea maoni ya kutosha kuweza kufanya maamuzi juu ya ombi la Sikonge WSSA la kurekebisha bei za majisafi.

Uchambuzi  
na  
Marekebisho

4. Kufuatia kukamilika kwa mchakato wa taftishi na uchambuzi, EWURA imefikia uamuzi kwamba ombi la marekebisho ya bei na tozo la Sikonge WSSA lina mantiki na ni halali isipokuwa kwa baadhi ya gharama za uendeshaji na matengenezo na miradi zilizopendekezwa kuwa kubwa bila sababu na kukosa uhalali. Kutokana na hayo, EWURA imeamua kuruhusu Mahitaji ya Mapato kwa kiasi cha shilingi 519.12 milioni kwa kipindi cha 2018/19 – 2020/21 ambayo ni sawa na asilimia 72 ya fedha zilizozombwa na Sikonge WSSA.

Uamuzi

5. Katika kikao chake cha tarehe 27 Julai 2018, Bodi ya Wakurugenzi ya EWURA ilijadili ombi hili na kutoa maamuzi kama inavyooneshwa kwenye Agizo hapo chini:
